Subject: information on Cyprus Tohono Mine, for Jared's visit with Tohono O'odham Tribe

Hi Angeles and Kathleen . I understand that Jared is meeting with Tohono O'odham Tribe next week about Rosemont Mine. Enrique suggested that Jared should have a heads up on the potential reopening of the Cyprus Tohono copper mine, on Tohono O'odham land. I understand that you might be preparing material for Jared? If so, would you like to add information on Cyprus Tohono? I've attached a couple of short summaries provided for other purposes. Let me know if these are useful or if you'd like other information. Thanks.

Clancy
